VISIMI DIGITAL

High definition picture perfect quality.

Intelligent temperature control system.

High-fidelity quality sound.

Easy 178 degrees viewing angles.

Easy upgradable options available; Android, Windows and network.

With a fast 5ms response time, blur, ghosting and distortion will be eliminated, giving way to a perfect dynamic picture .

By using the visual extension technology (S-PVA) it will give an easy 178 degrees viewing angle. No deformed pictures and no color distortion, perfect viewing.

Our full metal shielding structure will prevent any exterior electromagnetic interference.

Our intelligent temperature control system will regulate and protect the equipment. Keeping the unit performance at peak level.

Our units are equipped with high quality digital audio outputs.

Only professional / commercial grade A+ are used for our products. High brightness and contrast ratios are the key in delivering great visible advertising.

Equipped with 3D reduction technology.
